

## Homocysteine Resist

*Helps maintain arterial and cardiovascular health*

**Item #02121 • 60 vegetarian capsules**

Homocysteine is produced during a natural process that regularly occurs in human cells. But as we age, our ability to eliminate homocysteine diminishes, allowing it to accumulate more rapidly in the bloodstream.

Homocysteine Resist is a specially formulated combination of B vitamins designed to help maintain cardiovascular and cognitive health. It combines vitamins B2 (riboflavin), B6 (pyridoxal-5'-phosphate), B12 (as methylcobalamin), and folate (as L-5-methyltetrahydrofolate (L-5-MTHF)) in a single-dose.

For cardiovascular and neurological health support, try Homocysteine Resist today.

### 1 vegetarian capsule contains:

Riboflavin (vitamin B2) .....	25 mg
Vitamin B6 .....	100 mg (as pyridoxyl 5'-phosphate)
Folate (as L-5-methyltetrahydrofolate ....	5000 mcg calcium salt)
Vitamin B12 (as methylcobalamin) .....	1000 mcg

**Other ingredients:** microcrystalline cellulose, vegetable cellulose (capsule), stearic acid, silica, rice extract blend.

### Dosage and use:

- Take one (1) capsule daily with food, or as recommended by a healthcare practitioner.
